**COUNTRY CLUB 28-7-14** is specifically formulated for use on golf course putting greens and other turfgrass areas. It is completely soluble in cold water, and may be applied through any type of proportioner, spray or metering applicator.

Regular use of **COUNTRY CLUB 28-7-14** will promote good growth and color with a minimum build-up of harmful soluble salts. Light, frequent applications, depending upon individual conditions and feeding practices are best.

**DIRECTIONS**

**FOR PUTTING GREENS:** Use weekly, if desired, at the rate of 1 lb. per 1000 sq. ft. in 1/2 to 2 gallons of water. This amount will supply 1/4 lb. of nitrogen per application.

**FOR LAWNS, TEES, FAIRWAYS AND ATHLETIC FIELDS:** Use as required at the rate of 2 lbs. per 1000 sq. ft. in 1/2 to 2 gallons of water. This amount will supply 1/2 lb. of nitrogen per application.

**NOTE:** When turfgrass is under stress because of drought, disease, hot weather, etc., it is advisable to increase the amount of water used. The amount of fertilizer, water and frequency of application should be determined and adjusted according to turfgrass requirements, prevailing conditions and feeding practices.

**COUNTRY CLUB 28-7-14** is compatible with most commonly used pesticides and fungicides. Because types of chemicals and conditions vary widely, compatibility of each chemical used with the fertilizer solution should be determined before combining them.

**CAUTION:** Keep out of reach of children.  
Do not reuse container. Destroy when empty.  
Check your turf frequently for insects and disease.

**WARRANTY:** Lebanon Seaboard Corporation warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Manufacturer, and Buyer assumes the risk of any such use.

**NOTICE:** This product contains the micronutrient iron. Iron may stain concrete surfaces and should not be applied on dry or water dampened concrete. Remove from these areas promptly after application by washing off with water.
