PHC® HUMEX™ WS

ROOTS® PHC® Humex™ is an advanced potassium humate product. Derived from Leonardite and made using proprietary extraction technology, Humex™ WS can be used wherever conventional humic acid products are used. Humic acids may aid in the uptake of nutrients by plants.

DIRECTIONS FOR USE:

Fertilizer Mixes: Add 1 pound of Humex per each 10 gallons undiluted fertilizer. Dilute as per fertilizer instructions.

Spray Application: Apply 1 pound of Humex per acre monthly. Tank mix with fertilizers or pesticides.

Foliar Applications: Apply 1/2 pound of Humex per 100 gallons of spray mix.

Soil Application: Apply 2 pounds of Humex per acre. For problem soils, double the rate.

HEALTH AND SAFETY:

Wash hands after handling. Avoid contact with eyes or broken skin. Avoid inhaling dust or mist. In case of ingestion, seek medical attention. In case of allergic reactions, treat symptoms and contact physician.

KEEP OUT OF REACH OF CHILDREN.

STORAGE: Store in a dry location and keep tightly sealed.

TECHNICAL ASSISTANCE: For technical assistance, call 1-800-233-1067.

WARRANTY

NOTE To the extent consistent with applicable law, Buyer assumes all responsibility for safety and performance if this product is not used according to the directions.

Net Wt: 50 Lb (22.7-kg)
