

Emerald Isle Solutions™

SeaSequential® Micronutrients

7•0•1 with Chelated Iron

SeaSequential Micronutrients is a Professional Use product containing nitrogen, potassium, magnesium, sulfur, boron, iron, manganese and zinc. It is buffered to maintain spray tank solutions near optimal neutral pH ranges. It is non-corrosive and tank-mix compatible with most commonly sprayed turf maintenance materials.

Application Guidelines

Shake or agitate before use. Rates will vary, based on soil/tissue analysis and your agronomic needs. Apply in the early morning or late afternoon for best results. Use a spray adjuvant for superior coverage. Allow foliar product to dry on plant prior to irrigation.

Apply 59-88 ml per 93 sq. meters (2-3 oz. per 1,000 sq. ft.) every 21-28 days or as needed to maintain healthy turf.

Mixing Guidelines: Mixing Guidelines: Use a minimum of 3.8 liters of water carrier per 93 sq. meters (1 U.S. gallon per 1,000 sq. ft.). Fill mix tank with half of required spray water and turn on agitation. Measure product into tank, add remaining water and other soluble materials. Add a defoaming agent if desired, and adjust pH of tank-mix to neutral if necessary.

Compatibility: Emerald Isle liquids are concentrated materials. They are compatible with most fertilizers and chemicals but should not be mixed directly with other chemicals. They should be mixed in spray tanks with water and proper agitation. Conduct a jar test as needed to ensure compatibility with other products before tank mixing.

For one pound of N per 1,000 sq. ft., use 3 oz of SeaSequential with Micros and 5 oz of True Foliar N ten times over the course of the season.

Storage and Use Guidelines

Store in original containers at temperatures between 10°C and 35°C (50°F and 90°F). Mix with other materials only at time of application and in exact amounts required. To avoid contamination, do not return previously mixed product to its original container. Use all product within 12 months of original purchase date.

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. May cause irritation. Avoid contact with eyes, skin, and clothing. Wear chemical resistant goggles and gloves. Do not take internally. Avoid inhaling mist or vapor. In case of contact with eyes, flush eyes with water for 15 minutes. If irritation occurs, seek medical attention.

Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by crops or other intended plants during the course of the year.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.regulatory-info-lebsea.com>

Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.

Do not apply near water, storm drains or drainage ditches.

Do not apply if heavy rain is expected.

Apply this product only to your lawn/garden.

NOTICE: This product contains the secondary nutrient iron. Iron may stain concrete surfaces and should not be applied on dry or water dampened concrete and should be removed from these areas promptly by sweeping or blowing. Do not wash off with water.

CONDITIONS OF SALE

The Manufacturer warrants only that product conforms to label description. Buyer and user agree to accept all liability associated with handling, use, and disposal of this product.

Hazard Statements

May be corrosive to metals.

Harmful if swallowed.

Causes serious eye irritation.

Causes skin irritation.

May cause respiratory irritation if inhaled as a concentrate.

May irritate the digestive tract if ingested.

Precautionary Statements

Keep container tightly closed, and store locked up in a well-ventilated place..

Keep only in original container, or store in corrosive resistant container with a resistant inner liner.

Avoid breathing /mist/vapors/spray.

Wash hands thoroughly after handling.

Do not eat, drink or smoke when using this product.

Use only outdoors or in a well-ventilated area.

Wear protective gloves/protective clothing/eye protection/face protection.

IF SWALLOWED: Rinse mouth. Immediately call a POISON CENTER or doctor/physician.

If skin irritation occurs: Wash with plenty of soap and water.

If inhaled and discomfort occurs, remove victim to fresh air and keep at rest in a position comfortable for breathing.

In case of eye contact, rinse cautiously with water for several minutes. Remove contact lenses if easy to do and continue rinsing.

If eye irritation persists: seek medical attention.

Take off contaminated clothing and wash before reuse.

Absorb spillage to prevent material-damage.

Dispose in accordance with all federal, state and local regulations
