This product can be used as a broadcast application on ornamentals in commercial and residential landscapes. This product can also be used for the suppression

cemeteries, parks, playgrounds, and athletic fields to control soil inhabiting pests as listed in the table below. This product can also be used for the suppression

IMPORTANT:

Do not apply more than 4.6 lbs of product per 1,000 sq. ft, or 200 lbs of product (0.4 lbs of imidacloprid active ingredient) per acre per year.

Consult your local State Agricultural Experiment Station or State Extension Turf Specialists for more specific information regarding timing of application.

APPLICATION EQUIPMENT

Apply this product uniformly over the area being treated with granular application equipment. Both drop-type and rotary-type spreaders may be used. Do not use spreaders which apply the material in concentrated bands. Calibrate application equipment prior to use according to the manufacturer’s directions. Check frequently to be sure equipment is working properly and distributing granules evenly and accurately.

**Lawn and Perimeter Control Application Instructions**

Use the highest realistic rate for longer length of control. Watering (irrigation or rainfall) following application will dissolve the granules and release the insecticide. Uniform coverage is necessary to provide the most effective level of control. Consult your state university or local Cooperative Extension Service office for specific pest control application timing in your area. Start application to turf prior to the establishment of high insect populations and significant turf damage. Make reapplications as necessary to keep pest populations under control, using higher rates as pest pressures increase. Restrictions: Do not apply more than 4.8 lbs. of product per 1,000 sq. ft. per year.

**Application Instructions**

This product is a systemic product which is translocated upward within the plant system. Follow applications with sufficient mechanical incorporation, irrigation or rainfall to move the active ingredient into the soil within 24 hours after application. Apply prior to pest infestation to achieve optimum control.

Apply as a broadcast treatment. Prior to application, remove black plastic or other weed barrier material that will not permit water permeability. Do not allow runoff or puddling of irrigation water following application. Do not apply this product to areas which are waterlogged or saturated, which will not allow penetration into the root zone of the plant.

**Restrictions:** Do not apply more than 4.8 lbs. of product per 1,000 sq. ft. or 200 lbs. of product (0.4 lbs. of insecticidal active ingredient) per acre per year.

**Equipment Application**

Apply the product uniformly over the area being treated with granular application equipment. Both drop-type and rotary-type spreaders may be used to apply this product. Do not use the type of spreaders which would apply the material in concentrated bands. Calibrate application equipment prior to use according to the manufacturer’s instructions. Check frequently to be sure equipment is working properly and distributing granules uniformly and accurately.

**Storage and Disposal**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in a cool, dry area where it is inaccessible to children and pets. Store in original container only.

**Pesticide Disposal:** Pesticide waste may be hazardous. Improper disposal of excess pesticide is a violation of Federal law. Waste resulting from the use of this product must be disposed of in an approved waste disposal facility.

**Container Handling:** Non-refillable container. Do not reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available, or dispose of empty bag in a sanitary landfill or by incineration.

**Limited Warranty and Liability**

Read the entire direction for use, conditions of warranties and limitations of liability before using this product. If terms are not acceptable, return the unopened product to the store at once. By using this product, user or buyer accepts the following CONCLUSIONS: **Disclaimer of Warranties, and Limitations of Liability.**

**Conditions:** The direction for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risk associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Lebanon Seaboard Corporation. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.

**Disclaimer of Warranties:** To the extent consistent with applicable law, Lebanon Seaboard Corporation makes no other warranties, express or implied, of merchantability or fitness for a particular purpose or otherwise, that extend beyond the statements made on this label. No agent of Lebanon Seaboard Corporation is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. To the extent consistent with applicable law Lebanon Seaboard Corporation disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

**Limitations of Liability:** To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all damages, injuries or losses resulting from the use or handling of this product, whether or not resulting from this product’s procurement, sale, transfer, or use or ownership, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid for Lebanon Seaboard Corporation’s replacement of product.

---

**TREATMENT AREAS**

- Blotch (Fusarium and Pythium)
- Chinch bug control
- Crown borer
- Green June Beetles
- Lawn moths (sod webworms)
- Lawn grubs (such as Japanese beetle, lawn, Charaxes, Phyllotreta spp., Aziotes pantenii beetles, Oriental beetles)
- Lawn Thrips
- Landscape Plantings (including ornamental trees, shrubs, ornamentals, flowers, foliage plants, and ground covers)
- Moth grubs
- Silverfish
- Thrips
- Water bugs
- Palmetto bugs
- Beetles
- Chinch Bug
- European Crane Flies (97 – 144 lbs. per acre)

**USE RATE**

- 2.2 – 3.3 lbs. per 1,000 sq. ft.
- 3.3 – 4.4 lbs. per 1,000 sq. ft.

**SITE**

- Lawns & Perimeter Protection
- Ornamentals

**PEST**

- Ants (Except Carpenter, Red Imported Fire Ant and Pharaoh): Southern, Field, Allegheny Mound, Cornfield, Honey, Pavement, Nuisance

**HOW TO USE**

- Apply a fresh band of granules right to the house foundation and evenly distributes the granules over walls or plants. Water lightly immediately after application.
- Watering (irrigation or rainfall) following application will dissolve the granules and release the active ingredient.

**APPICATION INSTRUCTIONS**

- For broadcast treatment, apply the product uniformly over the area being treated with granular application equipment. Both drop-type and rotary-type spreaders may be used to apply this product. Do not use the type of spreaders which would apply the material in concentrated bands. Calibrate application equipment prior to use according to the manufacturer’s instructions. Check frequently to be sure equipment is working properly and distributing granules uniformly and accurately.

**APPLICATION OF THIS PRODUCT ON ORNAMENTALS**

For use around industrial and commercial buildings and on residential areas.

**SITE**

- Landscaping: including ornamental trees, shrubs, ornamentals, flowers, foliage plants, and ground covers

**PEST**

- Ants

**USE RATE**

- 2.2 – 3.3 lbs. per 1,000 sq. ft.
- 3.3 – 4.4 lbs. per 1,000 sq. ft.

---

**APPLICATION EQUIPMENT**

- Product application equipment shall be clean, dry and free of debris or other material which may affect flow or distribution of the product.

---

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry area where it is inaccessible to children and pets. Store in original container only.

**PESTICIDE DISPOSAL:** Pesticide waste may be hazardous. Improper disposal of excess pesticide is a violation of Federal law. Waste resulting from the use of this product must be disposed of in an approved waste disposal facility.

**CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Completely empty bag into application equipment, then offer for recycling if available, or dispose of empty bag in a sanitary landfill or by incineration.

**LIMITATION OF WARRANTY AND LIABILITY**

Read the entire direction for use, conditions of warranties and limitations of liability before using this product. If terms are not acceptable, return the unopened product to the store at once. By using this product, user or buyer accepts the following CONCLUSIONS: **Disclaimer of Warranties, and Limitations of Liability.**

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully.
